Governor Aycock is to discuss the issues of the campaign in this cty on the night of the 27th. He speaks at Durham on the 26th and then goes to the Easten part of the State for a number of speeches.

Mr. T. K. Broner, secretary to the State Eoard of Agriculture, who has been with the St. Louis Exposition, in charge of the agricultural exhibits, returned this morning, having completed his work and severed his connection with the great fair. He visited nearly every State in the Union, including Virginia, gathering exhibits for the agricultural feature of the exposition.

Letters from State Treasurer B. R. Lacy are to the effect that he is improving rapidly. He went to Arizona in the hope of getting rel ef from a severe case of asthma, from which he has been a great sufferer for several months. He will hardly return before the new year.

WAKE SUPERIOR COURT.

Judge B. F. Long convened Wake Superior Court this morning for a two weeks term for the trial of civil cases. The suit of Hinshaw and Cunningham of Lverpool, England, vs. the Scabbard Air June for the burning of a large quantity of cetton in the compress at Hamlet more than a year ago, is now on trial. It is claimed that sparks from the Scabbard eng ness about the time that the Scabbard Air Line temporarily substituted wood for coal, caused the burning of the compress, which was the property of the Scabbard, the cotton being in their keeping.

The noted case of Gattis vs. Dr. John C. Kilgore and B. N. Duke, for slander, growing out of the fight made some years ago, before the Board of Trustees of Trinity College, is set for a third trial on the last day of the term. November 5th, but it is conceded that there is no chance of reaching it this term. Rev. Gattis, the complainant, writes his counsel from Charlotte that he has fully recovered from njuries recently sustained in falling through a grating of the sidewalk there and will be here for the trial if it is called.

NEW CITY HALL.

A plan on foot for sale of the present City Hall, erected more than fifty years ago, and the erection of a new mun'elpal building, corner Sallsbury and Davie Streets, that wil have on the second floor an auditorium to seat 5,000 people. The Chamber of Commerce and the Board of Aldermen have the matter in hand.

The Secretary of State charters the Alammee Street Rallway Company with principal office at Graham for the purpose of constructing and operating electric lines in that section. J. L. Will amson is one of the principal incorporators.

Another charter is to the Un on Guano Company, of Winston-Salem, capital, \$255-905, H. E. Fries and W. T. Brown being the principal incorporators.

(Special to The Times-Dispatch.)

SALISBURY, N. C., October 24.—The force of colored men employed by the Southern Rallway Company on its big coal chatte at the Spencer yards went on a strike unceremendously Salurday night, and it became necessary to trutsfer a relief force from Charlotte to this point in order to coal and equipathe large number of engines required to pull the onigoing passesager and freight trains. The cause of the strike, in which only a small number of men were involved, is said to have been some dissatisfaction with reference to the wages received. The coal chuic at Spencer is said to be the largest on the Southern system.

ECZEMA ON LITTLE GIRL

Sleepless Nights for Mother and Awful Suffering of Child.

CURED BY CUTICURA

Had Given up All Hope of Ever Making Any Cure.

"I had tried so many remedies and spent much money, deriving no benefit, I had absolutely given up all hop of making any cure. But as a last resort I was persuaded to try a set of the Cuticura remedies, and to my great delight a marked change was manifested from the first application. I gave the child a bath with Cuticura Soap, using a soft piece of musilu cloth. This I did twice a day, each time following with the Cuticura Ointment, and at the same time gave the Resolvent, according to directions. One box of the Ointment and two bottles of the Resolvent, together with the Soap, effected a permanent cure. I submit this for publication if you desire, hoping it will add to your success and assist so many thousands of sufferers in curing themselves." Mrs. I. B. JONES, Addington, Ind. T.

The first step in the treatment of the chronic forms is to remove the scales and crusts and soften the skin, by warm baths with Cuticura Soap. The scalp, ears, elbows, hands, ankles and feet will require frequently a thorough soaking in order to penetrate the thickned skin and crusts with which these parts are often covered. Dry carefully, and apply Cuticura Ointment, lighly at first, and where advisable apread it on pieces of soft cloth and bind in place. Take the Resolvent, pills, or liquid, in medium doses. Do not use cold water in bathing, and avoid cold, raw winds.

HEAVY REDUCTION IN WHEAT EXPORTS

Department of Commerce and Labor show exports during the nine months ending with September of less than 10,000,000 bushels against 55,000,000 bushels in the corresponding months of 1903, 90,000,000 bushels in the corresponding months of 1902 and 189,000,000 bushels in the corresponding months of 1901.

Flour exports are also beginning to show

Flour exports are also beginning to show the effect of the great shortage in the wheat supply available for experiation, and for the nine months ending with September last they amounted to only 9,09,000 barrels, rofund numbers, against 13,00,0,0 barrels in the corresponding months of 1903 and more than 14,000,000 harrels in the corresponding months of 1901. Flour exports are less readily affected by a shortage of wheat than are those of wheat itself.

"The reduction in exports," says the chief of the Bureau of Statistics, "seems to be due chiefly to the steadily increasing consumption by the home population, while the further fact that the supply of several of the other wheat brookuring countries of the world was musually large in 1903 reduced to some extent the European demand upon the United States and furnished wheat to the European markets at prices below those made in the United States by the growing demands upon the home market."

(Special to The Times-Dispatch.)

MARTINSBURG, W. VA. Oct. 24.—
Nearly all of the churches in the city
were supplied yesterday by members of
the Presbyterian Synod. At the Presbyterian Ohurch the moderator, Rev. E. B.
McCluer, D. D., occupied the pulpit in the
morning, and Rev. Joseph Rennie, D. D.,
of Norfolk, filled the same pulpit at night.
When the synod met this morning the
first thing done was the selection of a
place for the next meeting. Row-Russell
Cccil. D. D., nominated the Second
Church, Richmond, Va. Roanoke, Va.,
and Charleston, W. Va., were also nominated, but Richmond was chosen on the
first ballot. The time fixed is the Thursday before the last Sunday of October.
Great interest was taken in the reading
of an overture from the Synod of West
Virginia, of the Northern Presbyterian
Church, in regard to the conduct of
home missions in the same territory.
There was a careful consideration of the
report of the committee to which the
overture was referred, and it was then
adopted by a unanimous vote. The report is as follows:

Your committee to report on the communication from the Synod of West Virginia, of the Presbyterian Church in the United States of America, respectfully recommends that the following answer be returned to that communication:
The Synod of Virginia, with expression of fraternal regards, hereby agrees to the appointment of a committee to confer with a similar committee from the Synod of West Virginia for the purpose of devising a plan to be adopted by the synods, whereby the home mission work of the two synods may be conducted without friction. After four years of vain endeavor to regain my health I became acquainted with the merits of Wine of Cardui, through personal experience, and found it so excellent that I feel it due to you to acknowledge the fact. I had been suffering with irregular, scanty and most painful menatruation, and when the periods occurred I was unable to be up and had to stay in bed for a day or two. Nothing I took helped me until I used Wine of Cardui. It proved to be just what I needed. Within two months the serious pain had disappeared, my headar-hos were less frequent and not so swere and felt very much encouraged, but had to use your medicine for four months before I was entirely well and regular. I have enjoyed the finest health now for eighteen months. I am very regular and have ro more pains and eat and sleep as well as could be desired. I feel your medicine is a boon to sick women, and most heartily do I recommend it to those suffering as I did, feeling sure that the will be cured if they will let other medicines alone and take Wine of Cardui.
